Kab. Tangerang, Banten 15820

Summary

I am a recent graduate with a Bachelor's Degree in Computer Science from President University. I have experience and skills in full-stack web development, particularly with the .NET Framework using C# and SQL Server & PostgreSQL for database management and optimization. My recent projects have focused on developing internal applications for the Finance Department in the manufacturing industry, as well as supporting the development of a warehouse management system for a retail company. I am eager to learn new things and to make positive contributions to the projects I am given.

Experience

12/2023 – Current

PT Catur Mitra Sejati Sentosa – Banten, Indonesia
